

2022 - 2023 Gifting Guide

SUPPORTING LOCAL WASHINGTON BUSINESSES
THAT STAND UP FOR REPRODUCTIVE FREEDOM

Welcome

We're so excited to share with you our 2022-2023 Gifting Guide! This guide is an extension of the relationships and partnerships we have developed and strengthened over the last year, our first as a newly independent organization.

It is in large part because of the support from many of the businesses included in this guide that we accomplished a lot for the future of abortion care in Washington state. But our work is far from done.

Expanding and protecting reproductive rights across our state must be a sustained, ongoing effort. We hope you use this gifting guide as your go-to resource when considering how to better align with pro-choice businesses in and around the Puget Sound that support our work and that of others.

You can always gift a donation to Pro-Choice Washington as a meaningful way to show your friends and family that you support abortion rights.

GIFT DONATION

By buying from and supporting any of the businesses, artists, and merchants included in these pages, you are taking action for reproductive freedom. We would love nothing more than to return the favor to all of these businesses this season (and beyond) by supporting them.

A few tips on how to use this guide:

- This gifting guide has seven sections, and each section is categorized by a type of service that the business provides.
- Business names are listed in **BOLD** with their location below. Every listing is linked to the business's homepage – just hover above the name and click to be directed to it.
- You can download this guide as a **PDF** and share with anyone who might be looking for ways to support pro-choice businesses in their neighborhood.

From artists who hand make pro-choice branded pottery like Abigail Doer (page 10; handmade gifts, jewelry & art) to travel companies like Rick Steves (page 11; travel), every listing in this guide helped bolster our work over the last year and continues to support what we plan to accomplish in 2023.

Make no mistake:
reproductive justice
is economic justice.
Reproductive rights
are worker rights.
Abortion rights are
worker rights.

Online, Seattle

Women owned real estate agency, serving the greater Seattle region

AXIS PIONEER SQUARE

Axis Pioneer Square is an event and multi-purpose space and it's where Pro-Choice Washington held their recent fundraiser and benefit Moving Mountains.

OUR IMPACT

Pro-Choice Washington has been active in the state since 1976 and is responsible for pivotal progress such as helping pass the Freedom of Choice Act in 1991, which codified Roe v. Wade into state law.

More recently, Pro-Choice Washington helped pass the Affirm Abortion Access Act that better ensures the ability of Washington abortion providers to serve any person who comes to Washington seeking an abortion. The law codified gender neutral language around abortion access and prevents legal action against patients who seek abortion care in Washington. Additionally Pro-Choice Washington worked on Health Equity for Immigrants, which paved the way for everyone to be eligible for public health insurance regardless of immigration status.

In the 2022 General Election, 85% of our endorsed candidates won their elections, after our activists helped to knock on 1,419 doors and make 910 phone calls to prospective voters. In the one critical district, we flipped all three seats, turning the district blue for the first time in 30 years.

GET INVOLVED

Give a donation to Pro-Choice Washington as a meaningful gift to friends or family. Mark the box “I’d like to make this contribution in honor or in memory of someone” and include the recipient’s name in a tax-deductible gift donation.

[GIFT DONATION](#)

Join our Legislative Action Team for the January 2023 Washington Legislative session. Let our lawmakers know that that unbiased, quality, and affordable abortion and reproductive healthcare matters to all Washingtonians.
